

SUSTAINABLE REPLACEMENT PARTS: LONG LIVE YOUR PACKAGING LINE

Do you want to keep using your packaging line as long as possible, while also staying on the cutting edge of technology? Do you want to have faulty parts repaired as sustainably and economically as possible? With the standardized processes and expertise of our specialists, Uhlmann can offer the best repair process for any requirement!

WHAT WE OFFER ...

- **Refurbished:** You return the faulty part and receive a like-new replacement part
- **At the cutting edge:** Before dispatch, the Uhlmann repair service team tests the parts with the latest machine software
- **Sustainable processes with the deposit system:** Send your repairable part to Uhlmann and you will get your deposit back

... AND THE BENEFITS FOR YOU

- **'Like-new' replacement parts** for a wide range of requirements
- **Cheaper than new parts:** Roughly half of all repairs requiring spare parts are completed using replacement parts
- **Standardized processes** make it very easy to replace parts, thereby extending the life cycle of the packaging system
- **Fast delivery times** and **short downtimes**, even in the event of unexpected breakdowns
- **Improved sustainability and efficiency**
